

Central Highlands Conference

Held in Emerald on October 25, 26, Investing In Our Future Conference will bring together speakers and stakeholders providing information on current and future initiatives; developments and business opportunities and projects, products and services to support the region's growth.

The previous conference in 2014 was emceed by finance commentator, Michael Pascoe and attracted over 150 delegates despite lower international trading conditions for coal and a severe drought.

This year's event will incorporate site visits, workshops, informal social functions and a summit centred around specific topics including but not limited to agriculture, resources, construction and tourism. The Conference is supported by Platinum Sponsor BMA and Official Airline Carrier QantasLink.

Sponsorship opportunities mean your business can play a key role in delivering this major conference and for more details contact enquiries@chdc.com.au or phone 4982 4386.
